

CURRICULUM GUIDE & ADVISING HANDBOOK

2014-2015

UT College of Arts & Sciences

Arts & Sciences
Advising Services
313 Ayres Hall

THE UNIVERSITY of TENNESSEE

Phone: (865) 974-4481

www.artsci.utk.edu/advising

E-mail: asadvising@utk.edu

The Arts & Sciences Curriculum Guide and Advising Handbook is updated annually. You are encouraged to use this guide in planning your Bachelor of Arts or Bachelor of Science degree at the University of Tennessee.

Inside you will find curriculum requirements and course listings necessary to fulfill your Arts and Sciences degree. For particular major requirements and other course-related questions, please contact your advisor and consult the Undergraduate Catalog.

Academic Advising Purposes:

- To understand purpose of higher education
- To define goals
- To plan educational programs
- To evaluate progress
- To explore career and educational opportunities
- To discover University resources

Arts & Sciences Undergraduate Curriculum

The course offerings and requirements of the University of Tennessee are continually under examination and revision. This curriculum guide presents the offerings and requirements in effect at the time of publication, but there is no guarantee that they will not be changed or revoked. Current information may be obtained from the following sources:

Admission Requirements: *Contact the Director of Admissions

Course Offerings: *Contact the Department offering the course

Degree Requirements: *Contact the Office of the Registrar, faculty advisor, head of major department, college advising center, or dean of college/school

*Refer to the Student Resources and College and Department Directory in the back of this booklet for a more comprehensive list of resources and contact information at the University of Tennessee.

**THE UNIVERSITY OF TENNESSEE, KNOXVILLE
EEO/TITLE IX/SECTION 504 STATEMENT**

The University of Tennessee is an EEO/AA/Title VI/Title IX/Section 504/ADA/ADEA institution in the provision of its education and employment programs and services.

E01-1001-07 A project of the UT College of Arts and Sciences.

Universal Tracking - uTrack

The University of Tennessee is committed to helping you achieve your academic goals and complete them in a timely manner. Most of the degree programs at UT are designed to be completed in four years, and policies are in place to help you keep track of your progress towards a degree by meeting certain milestones along the way.

The University of Tennessee has implemented Universal Tracking (uTrack), an academic monitoring system designed to help students stay on track for timely graduation. Tracking applies to all incoming first-time, first-year, full-time, degree-seeking college students. The policy is as follows:

Policy

1. Students must declare a major or exploratory track at the time they are admitted to the university. Some majors have a competitive admissions process.
2. All students must transition out of exploratory tracks into a major track no later than the end of the fourth tracking semester at UT.
3. Students who are off track must develop an advisor-approved plan for getting back on track before they will be allowed to register for future tracking semesters.
4. Students who are off track for two consecutive semesters will be placed on hold and required to select a new major that is better aligned with their abilities.

4

CAN YOU GRADUATE IN FOUR YEARS? YES!

Part of the expectation for the four year graduation plan is that you will carefully plan a year's worth of work at a time and that you will have a general plan for your entire academic career, term by term. During your first year, your advisor will be able to provide you with more information about how to plan for your university study.

Suggestions to ensure degree progression:

- Complete the freshman writing requirement in the first year.
- Choose a major and prepare to begin your degree plan during your first semester at UT (changing your major may alter your planned graduation date).
- Utilize the University's Undergraduate Catalog (catalog.utk.edu) to review the required curriculum for your intended major.
- Monitor your own progress, and seek advice from your advisor so you stay on track.
- Contact your advisor to schedule your required advising appointment early in the term, no later than three weeks prior to your eligibility date.
- Register on your assigned eligibility date each semester. Enroll in available courses needed for your program of study, recognizing that any specific course may not be available at the time or in the term in which you would like to take it.
- Complete 30-36 semester hours of credits each year for four years, as required by your college and major, and meet all degree progress milestones.
- Maintain good academic standing as determined by the department and college offering your major.

In addition, the University, as well as the College of Arts & Sciences, already has a number of policies and initiatives in place to promote and support your progress toward a four year graduation:

- o Required academic advising for all Exploratory students until declaration of major
- o Required academic advising for all students (both freshman and transfer) each term until 30 graded hours have been completed
- o Required academic advising at least once annually for all students who have completed greater than 30 hours at UTK
- o Academic Probation advising
- o Required attendance of academic probation workshop in Student Success Center
- o Pre-requisite/co-requisite checking by Banner registration
- o Limit on undergraduate course withdrawals (four allowable)
- o Academic program guides which provide sample four year plans
- o Registration system which grants earlier registration access to students with greater completed hours

Advice from your Advisor:

- o Go to class every day and get to know your professors.
- o Meet with your academic advisor each semester.
- o Read your UTK email regularly. This is how the University communicates with you.
- o Balance school work with the rest of your life. Plan study time.
- o Demonstrate good study habits.
- o Understand the impact of dropping classes, both academic and financial.
- o Review your grades and DARS on myutk.edu each term.
- o Make a plan for graduation. You can graduate in four years!

Arts & Sciences Advising Services

Students Served:

- Arts & Sciences students who have been officially accepted into the College
- University Exploratory students who have been officially admitted to the University, but who have neither declared a major nor been accepted into a college (A student must be accepted by a college in order to declare a major and subsequently be awarded a degree.)
- Transfer students who have completed work at another institution of higher education
- Reentry and nontraditional students
- Pre-health and pre-law students who plan to enter a professional school following the completion of their undergraduate degree
- Students on academic probation

Services Offered:

- Serves as academic advisor for all the students listed above
- Provides consultation in General Education Requirements, Foundations, Perspectives, and Upper Level Distribution Requirements (advising related to each student's major is referred to the appropriate department)
- Conducts orientation advising for new students
- Maintains online notes on all Arts & Sciences and University Exploratory students
- Offers consultation concerning the Degree Audit Reporting System (DARS)
- Assists students and faculty members with writing petitions
- Provides information on new courses and programs from departments
- Answers questions regarding University policy
- Assists students in choosing classes, planning academic programs, declaring majors, and selecting minors
- Helps students begin the career decision-making process
- Provides assistance with the registration process
- Maintains website (www.artsci.utk.edu/advising/) which includes links to catalogs, curriculum guides, academic resources, and major guides

- Coordinates all aspects of pre-health advising
 - Provides specially trained pre-health advisors
 - Distributes information of interest to pre-health students via the health professions distribution list and the pre-health link off the Arts and Sciences website (www.artsci.utk.edu/advising/deg_prog/preheal.asp).
 - Provides guides to health profession programs available in Tennessee
 - Creates, maintains, and processes pre-professional files
 - Coordinates Interdisciplinary Programs 100, “Introduction to Health Care Delivery”
 - Sponsors Alpha Epsilon Delta, pre-health honor society
- Coordinates pre-law advising
 - Provides specially trained pre-law advisors
 - Distributes information of interest to pre-law students via the go.utk site and the pre-law link off the Arts & Sciences website (www.artsci.utk.edu/advising/deg_prog/prelaw.asp)
 - Provides information about the application process, LSAC Credential Assembly Service and the LSAT through one-on-one appointments and presentations.
 - Sponsors Phi Alpha Delta, pre-law society

Academic Advising at UT

Faculty, administrators and professional staff at UT believe that advising students is both a responsibility and an opportunity for improving each student's undergraduate education.

Many situations arise during a student's academic experience in which informed academic and career advice is helpful. The objective of the academic advising system at UT is to help a student at each stage define the choices that must be made and give any guidance necessary.

An advisor assists a student in selecting subjects to ensure a well-balanced education and interpreting university and college policies and requirements.

However, the student, not the advisor, bears the ultimate responsibility for selecting courses, meeting course prerequisites and graduation requirements, and adhering to University policies and procedures.

All degree-seeking students who have earned fewer than 45 hours at UT, are following exploratory tracks, are identified as "off Track" by uTrack, or are on Academic Probation are required to meet with an advisor during each main term of the academic year. All other students are required to consult an advisor during a designated term each year.

Getting the Most from the Advising Experience:

1. Engage in an intense self-study. Explore options. Clarify values and goals. Relate interests and abilities to educational and career plans. Continue to gather information.
2. Make an appointment early. Schedule an advising appointment with your Arts & Sciences advisor to discuss General Education Requirements, and meet with a departmental advisor to discuss major requirements.
3. Keep your appointment, or call in advance to cancel so someone else may have your time slot.
4. Be sure to meet with your assigned advisor.
5. Be on time.
6. Review the materials you received at orientation or during previous appointments before your appointment.
7. Read the course descriptions in the Undergraduate Catalog before your appointment.

8. Write down any questions you have.
9. Take appropriate materials to your advising appointment (pencil/pen, major information, curriculum guide, etc).
10. Follow through on referrals and recommendations made during your advising session.
11. Register for the courses discussed during your advising appointment.
12. Become familiar with and use the resources available on-line (www.artsci.utk.edu/advising).
13. Follow through on referrals and recommendations made during appointments with your major advisor.
14. Apply to graduate on line at the website of the University Registrar, <http://registrar.tennessee.edu/graduation.shtml>, one year in advance of the term in which you plan to graduate. (Most students have completed 80 to 90 hours by this time.)

Advisees on Academic Probation Should Also:

15. Schedule an Academic Probation advising appointment with a departmental Academic Probation advisor or an Arts & Sciences Advising Services advisor each semester until in good standing with the University.
16. Register for the courses discussed during the Academic Probation advising appointment.
17. Review “Resources for Students” beginning on page 54 to determine the office that provides the service(s) you may be interested in, for example, study-skills information or counseling services.
18. Investigate tutorial services by contacting one of the offices listed in “Resources for Students.”
19. Obtain career information from Career Services, 100 Dunford Hall, 974-5435, or career.utk.edu.

Academic and Career Planning

A liberal arts education is preparation for life. **YOU** must work assertively and diligently to acquire an education. **NOW IS THE TIME TO START.**

FRESHMAN YEAR

- Visit the “Need A Major?” website (www.artsci.utk.edu/advising/deg_prog/undecid.asp) to research possible majors in the College of Arts & Sciences and at UT.
- Check out the Academic Program Guides website (www.utk.edu/advising/undergraduate-programs) for information on majors of interest.
- Explore majors and careers at Career Services and on the website at: **career.utk.edu**.
- Use “*What Can I Do With This Major?*” to learn about majors of interest.
- Take the Strong Interest Inventory and Myers-Briggs Type Indicator.
- Enroll in Exploring Majors and Careers class (Counselor Education 205) freshman or sophomore year.
- Meet with your academic advisor to discuss your academic goals and a career counselor to discuss your career goals.
- Participate in campus co-curricular activities.
- Demonstrate excellent academic performance; make the best grades you can every semester.
- Strengthen your written communication skills in English classes and writing labs.
- Discover UT resources including the Student Success Center, Student Counseling Center, college advising centers, and tutorial services.

10

SOPHOMORE YEAR

- Attend the College of Arts and Sciences Sophomore StepUp in early spring to get connected to faculty in your major.
- Talk to professionals in career fields you are considering. Use Career Services’ “Decision Making Strategies” at <http://career.utk.edu/decide.php> for tips.
- Get to know faculty in your major or a major you are considering; they can talk about career options and provide a letter of reference for jobs or graduate school.
- Start identifying part-time and summer employment, volunteer work or internships in your areas of interest; attend the Summer Job and Internship Fair.

- Develop a professional quality resume and register with Career Services (using E-Recruiting) for internship opportunities.
- Plan for a study abroad experience!

JUNIOR YEAR

- Obtain work experience in your field through part-time employment, internship, practicum, field work, or volunteer experiences; clarify your career goals.
- Choose electives to enhance your qualifications, especially your oral and written communication skills.
- Seek leadership positions in co-curricular activities; join career-related student professional associations.
- Begin to plan for job search or graduate school; set deadlines for required steps.
- Update resume in Career Services database.
- Attend various job fairs sponsored by Career Services.
- Meet with a career counselor to discuss job search strategies.
- Take electives in areas beyond your major to improve your qualifications and expand your knowledge.

SENIOR YEAR

- Register for on-campus interviewing and resume referral through Career Services.
- Participate in Career Services job fairs.
- Search E-recruiting and other relevant sites for job postings.
- Attend Career Services workshops and conduct a videotaped practice interview.
- Research companies or graduate schools of interest.
- Meet required deadlines for graduate school or job search.
- Conduct a thorough job search campaign in addition to on-campus interviews.
- Enroll in “Career Strategies for the Arts and Sciences” (Counselor Education 404). Visit career.utk.edu/classes.php for the course description.

Checklist for career success provided by University of Tennessee Career Services, 100 Dunford Hall, 974-5435, <http://career.utk.edu>.

DEGREES & PROGRAMS

College Scholars

A limited number of well-qualified students who have completed at least 30 but not more than 62 semester hours at UT and have maintained a cumulative GPA of at least 3.5 are accepted each year into College Scholars. (*Transfer students must have fewer than 42 transferred credit hours.*) This is a highly personalized honors program where students, with a special faculty advisor, can develop a completely individual bachelor's degree program (<http://web.utk.edu/~scholars/>).

Pre-Health Professional Programs

These programs are designed for those students who plan to continue their education in various graduate or professional schools or programs (www.artsci.utk.edu/advising/deg_prog/preheal.asp).

Pre-Cytotechnology
Pre-Dental Hygiene
Pre-Dentistry
Pre-Health Information Management
Pre-Medical Laboratory Science
Pre-Medicine
Pre-Occupational Therapy
Pre-Optometry
Pre-Pharmacy
Pre-Physical Therapy
Pre-Veterinary Medicine

Professional Degrees Offered

These degree programs are designed for students who plan to go from college directly into education or industry or who plan to attend graduate school to prepare for college-level teaching (www.artsci.utk.edu/advising/deg_prog/professional_degrees.asp).

Bachelor of Fine Arts
Bachelor of Music
Bachelor of Science in Chemistry

Five-Year BA/MA Programs

The Department of Modern Foreign Languages and Literatures offers a 5-year BA/MA program with BA majors in French & Francophone Studies and German and non-thesis MA majors in French and German. Interested students should contact the Department of Modern Foreign Languages and Literature for further information (web.utk.edu/~mfl/).

The Department of Philosophy offers a 5-year BA/MA program where students may earn both a BA and MA in philosophy. Interested students should contact the Department of Philosophy for further information (web.utk.edu/~philosop/).

The Department of Political Science offers a 5-year BA/MPPA program with a BA major in political Science and a non-thesis MMPA major in Public Policy and Administration. Interested students should contact the Department of Political Science for further information (web.utk.edu/~polisci/).

Teacher Education Program

Preparation for prospective teachers at UT is a five-year process. Students earn a baccalaureate degree from the College of Arts & Sciences and a minor in Elementary, Middle School or Secondary Education from the College of Education, Health and Human Sciences at the end of the fourth year. During the fifth year, students enroll in a one-year internship to complete requirements for a teaching license and to earn graduate credits toward a master's degree.

Prospective K–6 teachers may complete an Arts & Sciences major in a department, in one of the Interdisciplinary Programs, or if eligible, in the College Scholars Program. Prospective secondary and middle school teachers select a major in the subject area they plan to teach (artsci.utk.edu/advising/teaching/).

Vols Teach

Students pursuing a major in selected programs in the College of Arts and Sciences are eligible to participate in the University's Vols Teach program (<http://volsteach.utk.edu/>), which permits students to simultaneously complete a major in mathematics or science and receive secondary education teaching licensure within the 4-year undergraduate degree program through completion of a Vols Teach minor.

For more information about Vols Teach, including advising associated with teacher licensure requirements, contact the Center for Enhancing Education in Mathematics and Science (101 Greve Hall).

Students may explore this program by enrolling in INPG 110-Vols Teach: Inquiry-Based Approaches to Teaching (1 credit hour).

The Exploratory Student

Students who are unsure about either their majors or career choices need to be active participants in the exploration process as soon as they arrive at UT.

Here are a few tips for getting started:

- Do whatever it takes to be a successful student! An undecided student needs to keep doors open. Carefully review UT's Undergraduate Catalog, especially the majors offered and course requirements and prerequisites for the majors. For further exploration, enroll in Counselor Education 205, Exploring Majors and Careers.
- Get involved. Time spent in a variety of tasks may spark a new area of interest. Learn more about opportunities on campus through the Center for Leadership and Service. Stop by their Resource Room in the UC 315 to learn more about getting connected.
- Review textbooks at the UT Bookstore to get a feel for what a particular course might be like. Browse the shelves for books of interest. Take some elective courses to learn more about various disciplines.
- Interview people who have jobs that appeal to you. Make appointments with advisors from the nine undergraduate colleges. Schedule an appointment with a faculty member in a discipline you are curious about.
- Get some meaningful work experience, either full-time during summers or part-time during school. Shadow someone for a day in a work setting you would consider. Use all the services offered by Career Services (100 Dunford Hall)—interest inventories, career counselors, internship or part-time job postings, résumé-building exercises, workshops, and the resource center.
- Join a student organization that will help you demonstrate and/or acquire skills. Try for a leadership role in the organization.
- Check out the Need A Major? website at www.artsci.utk.edu/advising/deg_prog/undecid.asp for major exploration tips.
- Check out the Academic Program Guides (www.utk.edu/advising/undergraduate-programs) for information on all programs available at The University of Tennessee.

There is a wealth of information on this campus, but you must actively look for it. Career Services and Arts & Sciences Advising Services are both excellent places to begin your search.

Notes

Degree Requirements

Freshman Admission Course Unit Requirements

Courses	Required Units	Comments
English	4	
Mathematics	4	Includes 2 units of algebra & 1 unit of advanced math, trigonometry, geometry, or calculus and 1 additional unit
Natural Science	3	Includes at least 2 units of biology, chemistry, earth sciences or physics
U.S. History	1	American history
Other History or Geography	1	European or world history or world geography
Foreign Language	2	Must be a single foreign language
Visual or Performing Arts	1	

NOTE: If the course taken to remove a deficiency fulfills a curricular requirement, the hours will be counted toward satisfying the requirement. These hours will also be counted toward total hours for graduation. Entrance deficiencies must be removed before the student has completed 60 hours. Entrance deficiencies for transfer students must be completed within 30 hours.

B.A. and B.S. Degree Requirements

Each student must complete all University of Tennessee degree requirements stated in the UT Undergraduate Catalog, including those listed in this table.

REQUIRED HOURS	REQUIRED CURRICULUM
○ 120 hrs.	Minimum total hours
○ 30–48 hrs.	Credit hours in major (200-level or above) Major requirements must be fulfilled with a grade of C or higher
○ 42 hrs.	Credit hours at 300 level or above
○ See page 22	General Education Requirements (See undergraduate catalog for details.)
○ See pages 25–30	Foundations
○ See pages 31–37	Perspectives
○ See pages 38–46	Upper Level Distribution
○ 15–28 hrs.	Credit hours in one or more optional minors (200 level or above)
○ 6 hrs.	Credit hours in U.S. History (High School credits apply.)
○ 9 hrs.	Minimum credit hours in major taken at UT
○ 6 hrs.	Minimum credit hours in minor taken at UT
○ 60 hrs.	Credit hours at a four-year institution
○ 30 hrs.	Final credit hours at UT

NOTE: In any area outside the major, minor, Foundations, Perspectives and Upper Level Distribution requirements, you may take up to 20 credit hours of course work graded Satisfactory/No Credit.

Degree Requirements

To receive a BA or BS degree, students must satisfy the Foundations, Perspectives, and Upper Level Distribution requirements.

General Education

General education provides UT students the foundation for successful academic study, for lifelong learning, and for carrying out the duties of local, national, and global citizenship. By building basic skills in communication, analysis, and computation, as well as broadening students' historical and cultural perspectives, the general education curriculum helps students acquire an understanding of both self and society. General education requirements and course listings are interwoven among the College's foundations, perspectives, and upper level distribution requirements.

Foundations

Satisfying the Foundations requirement demonstrates that a student can communicate effectively in English, both orally and in writing, and that a student can use the tools of quantitative analysis. The Foundations coursework consists of

- First Year English Composition
- Communicating Through Writing
- Communicating Orally
- Quantitative Reasoning

22

First Year English Composition

Equips students with the skills necessary to write persuasive, logical, and coherent essays in English; to evaluate and cite sources in research; and to be aware of how to write for different audiences and purposes.

Communicating Through Writing

Further develops the writing skills that are foundational to advanced work in the College.

Communicating Orally

Equips students with the skills necessary to communicate one's ideas orally.

Quantitative Reasoning

Students will demonstrate the ability to use the skills of quantitative analysis.

Perspectives

These requirements are designed to introduce students to the modes of inquiry and discourse that characterize various academic disciplines and to the ways in which hypotheses are constructed and evaluated. Students will also gain an informed appreciation for the diverse natures of the world's cultures and societies and for the artistic and cultural milestones created by these cultures and societies. Thus students become broadly-educated, engaged, and responsible citizens.

Arts and Humanities

By studying the arts and humanities, students gain new perspectives on the human experience and on human kind's creative impulse. Thus, this requirement introduces students to the modes of inquiry that are employed in the fields that constitute the arts and humanities, to help students understand how aesthetic and moral judgements are arrived at and defended, and to acquaint students with the artistic and cultural achievements of both the past and present.

Natural Sciences

This requirement serves to introduce students both to basic discoveries, foundational knowledge, and logical organization of a scientific discipline and to the experimental methods used in that discipline for scientific inquiry and for testing scientific hypotheses.

Social Sciences

The social sciences help us analyze the interactions that take place between individuals, between groups or societies, and between an individual and a group. Thus, this requirement serves to introduce students both to the principal concerns of disciplines in the social sciences and to the methods by which social scientists collect and evaluate knowledge and test hypotheses.

Foreign Language

This requirement supports the broad goals of liberal education by promoting intellectual tolerance and flexibility, informing student's understanding of cultural diversity, and introducing students to the literary achievements of authors writing in other languages.

Non-U.S. History

This requirement allows students to develop understanding of how the past shapes individuals and communities in practical decisions and in understanding of self and world. It also contributes to skills in explaining change and continuity of human society and the interpretation of people, events, and trends in context of the ideas, the values, and the social and political conditions of that society.

Upper Level Distribution

Students use skills and knowledge acquired in their Foundations and Perspectives courses to analyze and understand a highly interdependent world system and to make informed comparisons among contemporary cultures. These courses develop understanding of U.S. society, of national and international diversity, and of critical issues of the modern world. The Upper-Level Distribution Requirement is satisfied by selecting courses from U.S. Studies and Foreign Studies. All courses are writing emphasis courses.

U.S. Studies

Students will develop an appreciation and knowledge of U.S. culture and civilization, form a basis to compare foreign cultures and civilizations, develop a critical understanding of the sources of values and traditions that constitute contemporary U.S. civilization, and develop an understanding of the relationship between individual and societal behavior.

Foreign Studies

Students will develop an appreciation and knowledge of foreign cultures and civilizations, form a basis from which a student can analyze his or her own culture, develop a critical understanding of the sources of values and traditions that constitute a foreign culture and civilization, and develop an understanding of the relationship between individual and societal behavior in a highly interdependent world system.

Arts & Sciences Curriculum:

B.A. & B.S. Degree Requirements

This section contains the requirements of the Arts & Sciences curriculum, as determined by the faculty of the college. Each requirement is stated, then followed by a list of courses that will allow you to accomplish the objectives listed in the requirement statement (see pages 22–24 for the statements of purpose).

English Composition courses are the only courses that are mandatory; all other degree requirements allow you to select from a group of courses in the area. When you plan your academic program, the courses on the lists are the only courses you should consider for satisfying each requirement.

FOUNDATIONS:

First Year English Composition

Students may complete this requirement in one of two ways.

- 1. English Composition:** Complete 6 credit hours of English 101 and 102 or any of the sequences described below.

Note: Students with ACT scores of 18 or below in English and an ACT Composite of 18 or below or SAT scores of 450 or below in Verbal and an SAT Composite of 850 or below must enroll in English 103 Writing Workshop I (1) in addition to English 101.

- Honors:** Students who enroll in English 118 (Honors English Composition) and earn an A or B can finish the composition requirement by taking English 102, a sophomore English course, or English 355 Rhetoric & Writing. If the sophomore English course appears on the List A—Humanities requirement, it may also be counted toward that requirement.

Note: Students with an ACT English score of 29 or above and a Composite of at least 29 or those with a SAT Verbal score of 680 or above and a Composite of at least 1280 are eligible for English 118.

- International Students:** Students who speak English as their second language will substitute English 131 and 132—Composition for Non-Native Speakers of English I and II (3,3)—for this requirement. The English Placement Exam is required prior to registering for this sequence.

- 2. AP Test:** Credit for English 101 and 102 is earned with a score of 4 or 5 on the College Board Advanced Placement Test in English Literature and Composition. Credit for English 101 is earned with a score of 4 or 5 on the AP Test in Language and Composition. The second English Composition course (English 102) must be completed to satisfy the requirement.

Communicating Through Writing:

Complete a Writing Intensive (WC) course chosen from the list below. This additional course may also be applied to either Perspectives or the Upper Level Distribution requirement.

WARNING: Students **must** complete the English Composition requirement before enrolling in English courses at the 200 level or above. Students who have completed English 118 will also complete two additional courses to fulfill the Communicating through Writing requirement.

The following courses are approved WC courses and are open to all students in the College of Arts and Sciences.

Anthropology	210*	Principles of Biological Anthropology (3)
English	206	Introduction to Shakespeare (3)
	207	Honors: British Literature I (3)
	208	Honors: British Literature II (3)
	237	Honors: American Literature I: Colonial Era to Civil War (3)
	238	Honors: American Literature II: Civil War to the Present (3)
	247	Honors: Introduction to Poetry (3)
	248	Honors: Introduction to Drama (3)
	251	Introduction to Poetry (3)
	252	Introduction to Drama (3)
	253	Introduction to Fiction (3)
	254	Themes in Literature (3)
	255	Public Writing (3)
	257	Honors: Public Writing (3)
	258	Honors: Introduction to Fiction (3)
	261	Themes in Creative Writing (3)
	264	Introduction to Fiction Writing (3)
	268	Honors: Introduction to Fiction Writing (3)
	295	Business and Technical Writing (3)
	355	Rhetoric and Writing (3)
	357	Honors: Rhetoric and Writing (3)
	360	Technical and Professional Writing (3)
	376	Colloquium in Literature (3)
	377	Honors: Colloquium in Literature (3)
Judaic Studies	322	<i>Medieval Philosophy (3)</i>
Medieval and Renaissance Studies	322	<i>Medieval Philosophy (3)</i>
Musicology	330	Women in Music (3)
Philosophy	252	Contemporary Moral Problems (3)
	320	Ancient Western Philosophy (3)
	322	Medieval Philosophy (3)
	324	17th and 18th Century Philosophy
	326	19th and 20th Century Philosophy
	327	Honors Ancient Western Philosophy (3)
	328	Honors 17th and 18th Century Philosophy (3)
	340	Ethics (3)
	345	Bioethics (3)
	346	Environmental Ethics (3)
	347	Honors Ethics (3)
	348	Honors: Environmental Ethics (3)
	382	Philosophy of Feminism (3)

	390	Philosophical Foundations of Democracy (3)
	391	Social and Political Philosophy (3)
Religious Studies	413	Seminar in Early Judaism (3)
	423	Seminar in Early Christianity (3)
Russian	221	Rebels, Dreamers and Fools: The Outcast in 19th Century Russian Literature (3)
Sociology	260	Introduction to the Study of Environmental Issues (3)
Women's Studies	330	<i>Women and Music</i> (3)
	382	<i>Philosophy of Feminism</i> (3)

The following courses are approved WC courses but are only open to students pursuing these specific programs or majors.

Aerospace Engineering		
	449*	Aerospace Engineering Laboratory (3)
Agricultural Leadership Education and Communications		
	440	Communication Techniques in Agriculture (3)
Animal Science		
	280	Biotechnology & Mgmt. Practices in Animal Agr. (3)
Architecture		
	213*	History and Theory of Contemporary Architecture (3)
	227*	Honors: History and Theory of Contemporary Architecture (3)
Art History		
	402*	Seminar in Art History II (3)
BCMB	409*	Perspectives in Biochemistry and Cellular and Molecular Biology (3)
Biomedical Engineering		
	430*	Biomedical Engineering Laboratory
Chemical and Biomolecular Engineering		
	415*	Chemical and Biomolecular Engineering Laboratory (3)
Chemistry		
	479*	Physical Chemistry Laboratory I (2)
Child and Family Studies		
	405	Development of Professional Skills (3)
Civil Engineering		
	205*	Professional Development I (2)
Computer Science		
	401	Senior Design Theory (2)
	402*	Senior Design (5)
Ecology and Evolutionary Biology		
	409	Perspectives in Ecology and Evolutionary Biology (3)
Electrical and Computer Engineering		
	401	Senior Design Theory (2)
	402*	Senior Design (5)
English	398	Junior-Senior Honors Seminar (3)
	455	Persuasive Writing (3)
	497	Honors: Senior Seminar (3)
	499	Senior Seminar (3)
Forestry	321	Wildland Recreation (3)
	327	Honors Wildland Recreation (3)
Forestry, Wildlife and Fisheries		
	312*	Principles of Silverculture (3)
History	408	Honors: Senior Paper (3)
	499	Senior Research Seminar (3)
Hotel, Restaurant, and Tourism		
	390*	Professional Development (3)

Arts & Sciences Curriculum: Foundations cont.

Industrial Engineering	
350	Contemporary Issues in Industrial Engineering II (1)
422*	Industrial Engineering Design II (2)
Information Sciences	
450	<i>Writing about Science and Medicine</i> (3)
Journalism and Electronic Media	
200*	Introduction to News Writing (3)
414*	Magazine and Feature Writing (3)
444	Journalism as Literature (3)
450	Writing About Science and Medicine (3)
451	Environmental Writing (3)
456	Science Writing as Literature (3)
Materials Science and Engineering	
405*	Structural Characterization of Materials (4)
Mathematics Education	
432	Knowing and Learning in Mathematics and Science (3)
Mechanical Engineering	
449*	Mechanical Engineering Laboratory (3)
Military Science and Leadership	
303	Leadership in Military History (3)
Music Education	
430	Music Methods for High School (3)
Musicology	
210*	History of Western Music, Ancient to Baroque (3)
380*	Music in World Cultures (3)
Nuclear Engineering	
401*	Radiological Engineering Laboratory (3)
402*	Nuclear Engineering Laboratory (3)
427*	Honors: Nuclear Engineering Laboratory (3)
Nursing	494* Alternative Preceptorship (4)
Nutrition	412* Food and Nutrition in the Community (3)
Plant Sciences	
410*	Nursery Management and Production (3)
491	International Study: History and Culture of International Gardens and Landscapes (3)
Retail and Consumer Sciences	
391*	<i>Professional Development</i> (3)
Science Education	
432	Knowing and Learning in Mathematics and Science (3)
Social Work	
314*	Human Behavior and Social Environment (3)
317*	Honors: Human Behavior and the Social Environment (3)
Sociology	
495	Social Justice and Community Service (3)
Theatre	300* Play Analysis (3)
University Honors	
258	Special Topics in the Arts and Humanities (3)
268	Special Topics in the Social Sciences (3)
278	Special Topics in Cultures and Civilizations (3)
288	Special Topics in the National Sciences (3)

Note: *Cross listed courses are italicized. * Course requires prerequisite.*

Communicating Orally

To meet the University's General Education requirement, students must complete one course with an "OC" designation from the list below. This course may also be applied to either the Perspectives or Upper Level Distribution requirement.

Communication Studies		
	210	Public Speaking (3)
	217	Honors: Public Speaking (3)
	240	Business and Prof. Communication (3)
	247	Honors: Business and Prof. Communication (3)
Philosophy	244	Professional Responsibility (3)

The following courses are approved OC courses but are only open to students pursuing these specific programs:

Aerospace Engineering		
	410*	Professional Development (2)
Agricultural Leadership, Education, and Communications		
	240	Presentation and Sales Strategies for Agricultural Audiences (3)
Animal Science	360	Horse, Dairy, and Meat Animal Evaluation (3)
Art Design/Graphic	452*	Graphic Design Seminar (4)
BCMB	455*	Scientific Communication (3)
Biomedical Engineering		
	410*	Professional Topics (2)
Biosystems Engineering		
	401*	Biosystems Engineering Design I (2)
Chemical and Biomolecular Engineering		
	488*	Honors: Design Internship in Green Engineering (3)
	490*	Process Design and Economic Analysis (3)
Chemistry	406	Senior Seminar (1)
Child and Family Studies		
	405	Development of Professional Skills (3)
Civil Engineering	205*	Professional Development I (2)
Computer Science	401*	Senior Design Theory (2)
	402*	Senior Design (5)
Electrical and Computer Engineering		
	401*	Senior Design Theory (2)
	402*	Senior Design (5)
Environmental and Soil Sciences		
	301*	Professional Development (1)
Industrial Engineering		
	422*	Industrial Engineering Design II (2)
Materials Science and Engineering		
	489	Materials Design (3)
Mechanical Engineering		
	410*	Professional Topics (2)
Microbiology	495	Senior Seminar: Perspectives in Microbiology (3)
Nuclear Engineering		
	400	Senior Seminar (1)
Nursing	454	Professional Leadership Issues (2)

Note: *Cross listed courses are italicized. * Course requires prerequisite.*

Quantitative Reasoning

Students must complete two of the courses listed below, or one of the courses listed below and Computer Science 100 (3), Computer Science 102 (4), Philosophy 130 (3), or Philosophy 235 (3).

This requirement satisfies the University's General Education: Quantitative Reasoning requirement.

WARNING: Course options for all entering freshmen and all other students who have not completed a college level mathematics course, except students who have received AP calculus credit, are determined by your placement level. Your Math ACT and/or Math SAT scores determine your placement level.

Mathematics	113	Mathematical Reasoning (3)
	115	Statistical Reasoning (3)
	117	Honors: Mathematical Reasoning (3)
	123	Finite Mathematics (3)
	125	Basic Calculus (3)
	141	Calculus I (4)
	142	Calculus II (4)
	147	Honors: Calculus I (4)
	148	Honors: Calculus II (4)
	151	Mathematics for the Life Sciences I (3)
	152	Mathematics for the Life Sciences II (3)
	202	Probability, Statistics, and Euclidean Geometry (3)
Statistics	201*	Introduction to Statistics (3)
	207*	Honors Introduction to Statistics (3)

Note: * Course requires prerequisite.

Students may take a proficiency examination on material equivalent to any of these courses. Standards for proficiency examinations will be set by the appropriate department.

PERSPECTIVES:

ARTS AND HUMANITIES

Students may meet this requirement by completing two courses chosen from list below. At least one course must be chosen from List A (Literature and Philosophical and Religious Thought). Two departments must be represented.

Notes: First-year students should NOT enroll in 300- or 400-level courses. Completion of the English Composition requirement is prerequisite to all other English courses.

List A: Literature and Philosophical and Religious Thought

Africana Studies	225	Introduction to African Literature (3)
	221	Early Greek Mythology (3)
Classics	222	Classical Greek and Roman Mythology (3)
	253	Greek and Roman Literature in English Translation (3)
English	201	British Literature I: Beowulf through Johnson (3)
	202	British Literature II: Wordsworth to the Present (3)
	206	Introduction to Shakespeare (3)
	207	Honors: British Literature I (3)
	208	Honors: British Literature II (3)
	221	World Literature I: Ancient through Early Modern
	222	World Literature II: The Eighteenth-Century to the Present (3)
	226	Introduction to Caribbean Literature (3)
	231	American Literature I: Colonial Era to the Civil War (3)
	232	American Literature II: Civil War to the Present (3)
	233	Major Black Writers (3)
	237	Honors: American Literature I: Colonial Era to the Civil War (3)
	238	Honors: American Literature II: Civil War to Present (3)
	247	Honors: Introduction to Poetry(3)
	248	Honors: Introduction to Drama (3)
	251	Introduction to Poetry (3)
	252	Introduction to Drama (3)
253	Introduction to Fiction (3)	
254	Themes in Literature (3)	
258	Honors: Introduction to Fiction (3)	
Philosophy	101	Introduction to Philosophy (3)
	107	Honors: Introduction to Philosophy (3)
	200	Special Topics (3)
	244	Professional Responsibility (3)
Russian	252	Contemporary Moral Problems (3)
	221	Rebels, Dreamers, and Fools: The Outcast in 19th-Century Russian Literature (3)
	222	Heaven or Hell: Utopias & Dystopias in 20th-Century Russian Literature Texts (3)

List B: Study or Practice of the Arts

Architecture	111	Architecture and the Built Environment (3)
	117	Honors: Architecture and the Built Environment (3)
	211	History and Theory of Architecture (3)
	212*	History and Theory of Architecture II (3)

Arts & Sciences Curriculum: Perspectives cont.

	217	Honors: History and Theory of Architecture (3)
	218	Honors: History and Theory of Architecture II (3)
Art Design/Graphic	150	The Idea of Graphic Design (3)
Art History	162	Art of Africa, Oceania and Pre-Columbian America (3)
	167	Honors: Art of Africa, Oceania and Pre-Columbian America (3)
	172	Western Art: Ancient through Medieval (3)
	173	Western Art: Renaissance to Contemporary (3)
	177	Honors: Western Art: Ancient through Medieval (3)
	178	Honors: Western Art: Renaissance to Contemporary (3)
	183	Asian Art (3)
	187	Honors: Asian Art (3)
Classics	232	Archaeology and Art of Ancient Greece (3)
Musicology	110	Introduction to Music in Western Culture (3)
	115	Music in the United States (3)
	120	History of Rock (3)
	125	Jazz in American Culture (3)
	290	Soundscapes: Exploring Music in a Changing World (3)
Theatre	100	Introduction to Theatre (3)
	107	Honors: Introduction to Theatre (3)
University Honors	257*	Special Topics in the Arts and Humanities (3)
	258*	Special Topics in the Arts and Humanities (3)

Either 257 or 258 may be applied to the List A or List B requirement by petition.

Note: *Courses in italics are cross listed. * Course requires prerequisite.*

NATURAL SCIENCES

Students may satisfy this requirement by completing one of the 8-credit laboratory sequences below.

Astronomy	151	A Journey through the Solar System Lecture (3)
	<i>Warning: Students may not receive credit for both Astr 151 and Astr 217.</i>	
	153	A Journey through the Solar System Lab (1)
	152	Stars, Galaxies, and Cosmology Lecture (3)
	<i>Warning: Students may not receive credit for both Astr 152 and Astr 218.</i>	
	154	Stars, Galaxies, and Cosmology Lab (1)
	<i>Note: All four courses, 151-154, listed above must be completed to satisfy this requirement.</i>	
	217-218*	Honors: Introductory Astronomy (4, 4)
Biology	101-102	Introduction to Biology I, II (4, 4)
	111-112	General Botany (4,4)
	150	Organismal and Ecological Biology (3)
	159	Skills of Biological Investigation (2)
	160	Cellular and Molecular Biology (3)
	<i>Note: All three courses, 150, 159, 160, must be completed to fulfill the requirement.</i>	
	158	Honors: Organismal and Ecological Biology (3)
	167	Honors: Skills of Biological Investigation (2)
	168	Honors: Cellular and Molecular Biology (3)
	<i>Note: All three courses, 158, 167, 168, must be completed to fulfill the requirement.</i>	
Chemistry	100-	Principles of Chemistry (4),
	110*	Introduction to Organic and Biochemistry (4)
	120-130*	General Chemistry I, II (4, 4)
	128-138*	Honors General Chemistry I, II (4, 4)
	<i>Note: Credit may be received for only one of the following courses-100, 120 or 128.</i>	
Geography	131-132	Geography of the Natural Environment I, II (4, 4)
	137-132	Geography of the Natural Environment I, II (4, 4)
Geology	101	The Dynamic Earth (4)
	102	Earth, Life, and Time (4)
	103	The Earth's Environment (4)
	104	Exploring the Planets (4)
	<i>Note: Any two courses from 101, 102, 103 and 104 may be chosen.</i>	
	107*	Honors: The Dynamic Earth (4),
	108*	Honors: Earth, Life, and Time (4)
	<i>Note: Students may not receive credit for both 101 and 107 or 102 and 108.</i>	
Physics	135**-136**	Introduction to Physics for Physical Science and Mathematics Majors I, II (4, 4)
	137**-138**	Honors: Fundamentals of Physics for Physics Majors I, II (5, 5)
	221*-222*	Elements of Physics (4, 4)

Note: * Course requires prerequisite. ** Course requires corequisite. - Course is part of sequence.

SOCIAL SCIENCE

Students may meet this requirement by completing two courses, from two different departments, chosen from the list below.

Africana Studies

- 201 Introduction to African-American Studies (3)
- 202 Introduction to African-American Studies (3)

Anthropology

- 130 Cultural Anthropology (3)
- 137 Honors: Cultural Anthropology (3)

Child and Family Studies

- 210 Human Development (3)
- 220 Marriage and Family: Roles and Relationships (3)

Economics

- 201 Introductory Economics (4)
- 207 Honors: Introductory Economics (4)

Educational Psychology

- 210 Psychoeducational Issues in Human Development (3)
For students intending to enter the Teacher Education Program

Geography

- 101 World Geography (3)
- 111 Geography of the Digital World (3)
- 121 Human Geography: People and Places (3)

Political Science

- 101 United States Government and Politics (3)
- 102 Introduction to Political Science (3)
- 107 Honors: United States Government and Politics (3)

Psychology

- 110 General Psychology (3)
- 117 Honors: General Psychology (3)

Religious Studies

- 232 Religion in a Global Perspective (3)
- 233 Religion and Society in North America (3)

Sociology

- 110 Social Problems and Social Justice (3)
- 120 Introduction to Sociology (3)
- 127 Honors: Introduction to Sociology (3)

University Honors

- 267* Special Topics in the Social Sciences (3)
- 268* Special Topics in the Social Sciences (3)

Note: *Cross listed courses are italicized. * Course requires prerequisite.*

Foreign Language

Complete the intermediate-level sequence of a foreign language or complete a six-hour intensive language course of the intermediate level from the foreign language course list, or satisfy one of the following conditions:

1. Waiver—Demonstrate competence on a departmental placement or proficiency examination or by AP or CLEP credit.
2. If your native language is not English and you have successfully completed English 131 and 132, complete any two courses from AFST 225, 226, 233; CHIN 311; CLAS 253; COLI 202; ENGL 201, 202, 206, 207, 208, 221, 222, 225, 226, 231, 232, 233, 237, 238, 247, 248, 251, 252, 253, 254, 258; INSC 330; ITAL 401, 402; JAPA 313, 314; JST 312; LAC 315; MRST 261, 262, 401, 402; MFLL 300; PORT 315; REST 312; RUSS 221, 222; WOST 210, 215.

Transfer students whose national language is not English should consult an advisor regarding the foreign language requirement.

The Arts and Sciences foreign language requirement satisfies the University's General Education: Cultures and Civilizations requirement.

PLEASE NOTE THE FOLLOWING—

All students who wish to enroll in a foreign language course, who have completed at least two years of this language in high school and who have not yet taken a college course in the language, must take a placement examination before enrolling. Placement in the appropriate course will be determined by the score on the examination. Examinations for most languages will be given online prior to orientation and at any time during the fall, spring and summer.

Students who place into 200-level courses will receive 6 hours of elementary language credit upon successful completion of a 200-level course in the same language, provided they do not subsequently enroll and receive credit for any 100-level course in the same language. If they do, elementary placement credit is forfeited and removed from the student's transcript.

Students who place into 300-level courses will receive 6 hours of intermediate language credit upon successful completion of a 300-level course in the same language, provided they do not subsequently enroll and receive credit for any 200-level course in the same language. If they do, intermediate placement credit is forfeited and removed from the student's transcript.

Those students who place into 200- or 300-level courses and do not wish to continue in a language, but wish to receive six hours of 100- or 200-level credit, respectively, for their online exam, may do so by completing a proctored placement exam during the fall, spring or summer, thus confirming the results of their online placement exam.

Placement test scores expire after one year. Students have one year from the date on which they take the placement exam to either register for the course for which they are eligible (as determined by the placement score) or complete the proctored exam to confirm the results of the online exam. After the one-year period elapses, students will have to take the placement test again.

Transition Course—Some students who have had two years of the same language in high school and receive a placement score below the level required for admittance into intermediate-level language courses may be placed in a 150 language course. These courses are designed to prepare students for enrollment in intermediate-level foreign language courses and count as elective credit. Students who receive credit for this course may not receive credit for any other 100-level course of the same language.

Deficiency—Students with a high school deficiency in foreign language must remove the deficiency during the first 60 credit hours of university work.

Arts & Sciences Curriculum: Perspectives cont.

FOREIGN LANGUAGE COURSE LIST

Arabic	121-122	Elementary Modern Standard Arabic I, II (4, 4)
(Asian Studies)	221-222	Intermediate Modern Standard Arabic I, II (4, 4)
Chinese	131-132	Elementary Chinese I, II (5, 5)
	231-232	Intermediate Chinese I, II (5, 5)
French	111-112	Elementary French I, II (3, 3)
	123	Intensive Elementary French (6)
	150	Intermediate French Transition (3)
	211*-212*	Intermediate French I, II (3, 3)
	217*-218*	French Honors: Intermediate French I, II (3,3)
	223	Intensive Intermediate French (6)
German	111-112	Elementary German I, II (3, 3)
	123	Intensive Elementary German (6)
	150	Elementary German Transition (3)
	211*-212	Intermediate German I, II (3, 3)
	223	Intensive Intermediate German (6)
Greek	121-122	Beginning Greek (4, 4)
(Classics)	261-264	Intermediate Greek: Grammar Review and Readings (3, 3)
Hebrew	121-122	Elementary Biblical Hebrew I, II (3, 3)
(Religious Studies)	221-222	Intermediate Biblical Hebrew I, II (3, 3)
Hebrew	141-142	Elementary Modern Hebrew I, II (4, 4)
(Asian Studies)	241-242	Intermediate Modern Hebrew I, II (4, 4)
Italian	111-112	Elementary Italian I, II (3,3)
	123	Intensive Elementary Italian (6)
	211-212	Intermediate Italian (3,3)
	223	Intensive Intermediate Italian (6)
Japanese	151-152	Elementary Japanese I, II (4, 4)
	251-252	Intermediate Japanese I, II (4, 4)
Latin	111-112	Beginning Latin (4, 4)
(Classics)	150	Latin Transition (4)
	251*-252	Intermediate Latin I, II (3, 3)
Persian	161-162	Elementary Persian (4, 4)
(Asian Studies)	261-262	Intermediate Persian I, II (4, 4)
Portuguese	111-112	Elementary Portuguese (3, 3)
	123	Intensive Elementary Portuguese (6)
	211-212	Intermediate Portuguese (3, 3)
	223	Intensive Intermediate Portuguese (6)
Russian	101-102	Elementary Russian (4, 4)
	201-202	Intermediate Russian (4, 4)
Spanish	111-112	Elementary Spanish (3, 3)
	123	Intensive Elementary Spanish (6)
	150	Intermediate Spanish Transition (3)
	211*-212	Intermediate Spanish (3, 3)
	223*	Intensive Intermediate Spanish (6)
	217*-218	Spanish Honors: Intermediate Spanish (3, 3)

Note: * Departmental placement exam required.

NON-U.S. HISTORY

Complete a two course sequence from the list below. The Arts and Sciences non-U.S. History requirement satisfies the University's General Education: Cultures and Civilizations requirement.

NOTE: All courses are writing emphasis. International students who did not have American History in high school may fulfill this requirement by taking History 221-222.

Africana Studies

235-236 Introduction to Africana Studies (3, 3)

History

241-242 Development of Western Civilization (3, 3)

247-248 Honors: Development of Western Civilization (3, 3)

255-256 Introduction to Latin American and Caribbean Studies (3, 3)

261-262 A History of World Civilization (3, 3)

267-268 Honors: A History of World Civilization (3, 3)

Latin American and Caribbean Studies

251-252 *Introduction to Latin American and Caribbean Studies (3, 3)*

Medieval and Renaissance Studies

201-202 Medieval Civilization (3, 3)

Note: *Cross listed courses are italicized.*

WARNING: If Western Civilization (History 241–242) or Medieval Civilization (Medieval and Renaissance Studies 201–202) is taken to satisfy the Non–U.S. History Divisional Distribution Requirement, the European Concentration under Foreign Studies (pg. 47–49) may not be used.

UPPER LEVEL DISTRIBUTION

Students must complete two courses. One course must be taken from List A and one course must be taken from List B.

WARNING: If you use a course to satisfy a Major Requirement, you may **not** use it to satisfy Upper Level Distribution Requirements; likewise, if you use a course to satisfy an Upper Level Distribution Requirement, you may **not** use it to satisfy a Major Requirement.

NOTE: Completion of the English Composition requirement is a prerequisite to all other English courses. All courses are writing emphasis.

LIST A—U.S. STUDIES

- Africana Studies 315* *The African Diaspora (3)*
331 *Race and Ethnicity in American Literature (3)*
333 *Black American Literature and Aesthetics (3)*
343 *Race and Ethnicity (3)*
352 *African-American Religion in the United States (3)*
353 *Religion, Race, and Ethnicity in North America (3)*
376 *The African American Experience from the Colonial Period to the Civil War (3)*
380 *The African American Experience from the Civil War to the Present (3)*
429 *History and Philosophy of African-American Education (3)*
471 *African-American Art (3)*
472 *Civil Rights Movement (3)*
480 *African-American Communities in Urban America (3)*
484 *African-American Women in American Society (3)*
- American Studies 310 *Introduction to American Studies (3)*
312 *Popular Culture and American Politics (3)*
320* *American Cultures (3)*
334 *Film and American Culture (3)*
343 *Race and Ethnicity (3)*
354 *Religion and Popular Culture in the United States (3)*
355 *Topics in North American Religion (3)*
381 *American Tales, Songs, and Material Culture: An Introduction to Folklore (3)*
423 *Geography of American Popular Culture (3)*
- Anthropology 305* *Evolution and Society (3)*
310* *North American Indians (3)*
315* *The African Diaspora (3)*
320* *American Cultures (3)*
322* *Topics in U. S. Ethnography (3)*
360* *North American Prehistory (3)*
363* *Prehistory of Tennessee (3)*
454* *Archaeology of the African Diaspora (3)*
- Art History 470 *African-American Art (3)*
472 *History of 20th-Century American Art (3)*
473 *19th-Century American Art (3)*
- Cinema Studies 312 *Popular Culture and American Politics (3)*
334 *Film and American Culture (3)*
469 *Sexuality and Cinema (3)*
- Ecology & Evolutionary Biology 305* *Evolution and Society (3)*
- Economics 331* *Government and Business (3)*
333* *Law and Economics (3)*
361* *Regional and Urban Economics (3)*
362* *Environmental and Natural Resource Policy (3)*

	413*	Macroeconomic Fluctuations (3)

Majors & Minors

Major

A major consists of at least 30 but not more than 48 credit hours in a single subject area in courses numbered at the 200 level or above, as specified by each department.

As many as 6 credit hours taken in the major may also satisfy Foundations and Perspective requirements where listed. However, courses used to satisfy a Major Requirement **may not** also be used to satisfy Upper-Level Distribution Requirements. Likewise, courses used to satisfy Upper-Level Distribution Requirements **may not** be used to satisfy a Major Requirement.

A minimum grade of **C** must be earned in every course counted toward a major. If you transferred from another institution, you must complete at least 9 credit hours at UT in your chosen major.

Arts & Sciences majors are listed on pages 12–15. For more information on Arts & Sciences majors,

- visit our web site at www.artsci.utk.edu/advising,
- use the UT Catalog,
- view individual departmental websites, or
- Visit the Academic Programs website (www.utk.edu/advising/undergraduate-programs).

Declaring a Major

You should meet with an advisor in your major interest area as soon as possible. Once you have selected a major, you should formally declare your major within your intended major department. Students may officially declare most majors as soon as they enroll at the University. Students who wish to declare an Interdisciplinary major will do so in Arts and Sciences Advising Services, room 313 Ayres Hall.

All pre-health students not assigned to departmental advisors will be advised by pre-health advisors in Arts & Sciences Advising Services.

Students who have yet to declare their major or those who are undecided in their major will be advised in Arts & Sciences Advising Services.

Optional Multiple Majors

After the general requirements of basic skills, distribution and a major have been satisfied, additional majors may be recorded on the transcript without regard to course overlaps among majors or among the additional majors and Foundations, Perspectives and Upper-Level Distribution, provided a minimum of 18 distinct credit hours differentiates the primary major from the additional majors. (Additional majors are declared in the departments.) You must declare your

Arts & Sciences Curriculum: Majors and Minors cont.

intention to satisfy requirements for multiple majors when you apply for graduation. Once you graduate, your additional major becomes subject to University second-degree requirements. Information concerning Second Majors and a Second Bachelor's Degree may be found in the Undergraduate Catalog.

You may satisfy degree requirements in a college other than Arts & Sciences and pursue a major in the College of Arts & Sciences, as well. In this case, you need to complete only the major requirements, not the Foundations, Perspectives, and Upper-Level Distribution. Both majors will be listed on your transcript.

Minor **Optional Minors**

A minor consists of at least 15 and not more than 28 credit hours in a single subject area in courses numbered at the 200 level or above. You must complete at least 6 of the required credit hours at UT; however, individual departments may have stricter requirements.

Minors are available in Astronomy, Portuguese, Japanese, Chinese, and VolsTeach, as well as in most departments or programs that also offer majors. A minor is declared in the department.

48

When applying for graduation, single or multiple minors may be recorded on your academic record without regard to course overlap among all the requirements for a minor. You may satisfy degree requirements in a college other than Arts & Sciences and also minor in the College of Arts & Sciences.

Elective Courses

In some cases, as much as one-fourth of your curriculum can consist of elective courses selected to supplement and support your work in General Education, Foundations, Perspectives, and Upper-Level Distribution, and major requirements. These courses enrich your total University experience and give you freedom to develop your academic program according to your own interests. Elective courses might include additional courses in your major field, in a related minor, or in the arts, or they may be off-campus studies.

Interdisciplinary Programs

In keeping with the philosophy that integration of knowledge is as important as proficiency in a given field, the College of Arts and Sciences has combined the resources of several departments to offer a series of interdisciplinary majors and minors. These programs include Africana Studies, American Studies, Asian Studies, Cinema Studies, Comparative Literature, Global Studies, Judaic Studies, Latin American and Caribbean Studies, Linguistics, Medieval and Renaissance Studies, Neuroscience, Sustainability and Women's Studies. Please visit (<http://www.artsci.utk.edu/InterdisciplinaryPrograms.asp>) for contact information for each of these programs.

Honors Opportunities

Outstanding students generally find that the Honors Program courses offered by the University provide a stimulating, satisfying, and enriching experience. These opportunities for nondepartmental study in a small group of talented students and outstanding faculty members are offered at all levels throughout the University Honors Program, as well as in departmental honors courses in certain subject areas (Anthropology, Art History, Astronomy, Chemistry, Communication Studies, Economics, English, French, Geography, Geology, History, Mathematics, Philosophy, Physics, Political Science, Psychology, Religious Studies, Sociology, Spanish, Statistics and Theatre).

A number of Arts & Sciences departments—Anthropology, Chemistry, Classics, the Division of Biology, Earth and Planetary Sciences, Economics, English, French and Francophone Studies, Geography, German, History, Mathematics, Music, Philosophy, Physics, Political Science, Psychology, Religious Studies, Russian Studies, Sociology and Theatre—have programs in which a major can graduate with an Honors degree. All of these programs require that at least 12 hours of honors courses be used in satisfaction of degree requirements and some departments may require more. A senior research project or thesis is a requirement, and a cumulative GPA of at least a 3.25 is required for award of the honors degree. For specific requirements see individual program degree requirements.

A number of departments also have programs for their outstanding students, though these courses are not labeled “Honors.” Students should also be aware of the various reading, seminar, and research courses that provide an opportunity for personal contact with faculty members.

Advanced Placement

Advanced Placement Exams are offered each May by the College Entrance Examination Boards and are designed to measure achievement in specific subject areas. These tests are usually taken by junior and senior high-school students preparing to enter college.

Because the material tested by AP Exams compares to the content of introductory college-level courses, many colleges and universities grant advanced placement credit on the basis of Advanced Placement Exam scores. Students are usually granted credit with scores of 3, 4, or 5.

Note: Pre-health students who are granted Advanced Placement credit in required science courses may use those credits to satisfy the science requirements for the health profession only if they take an equal number of hours above and beyond the general requirements in the same disciplines, while they are in residence at UT. Example: UT Memphis requires 8 hours of biology; if a pre-health student is granted 8 hours of biology by AP Exam, he/she needs to take an additional 8 hours in higher level biology courses here at UT. Advanced Placement credit in English will satisfy the general hours requirement.

How Does UT Participate in the Advanced Placement Program?

50

UT departments offering courses comparable to the material covered in the various Advanced Placement tests have agreed to grant Advanced Placement credit. The credits earned on each exam are entered on the transcript and will apply to all requirements. The Advanced Placement scores and test booklets are sent to the Director of Admissions at UT sometime in June or July. See the chart on the next page for details on Advanced Placement scores and awarded credit.

Advanced Placement Scores & Awarded Credit

TEST SCORE	CREDIT
Studio Art (General or Drawing Portfolio) 4 or 5.....	no credit

Credits earned from an IB exam are entered on the transcript and will apply to all requirements.

Notes

Resources for Students

Career/Personal Development

Career Services, 100 Dunford Hall, 974-5435, provides a wide variety of services including career counseling, vocational assessment, résumé-building assistance, job placement, and career information.

Counselor Education 205, Exploring Majors and Careers, is a 1 credit hour course designed to help students with decisions concerning careers and majors by completing an inventory of skills, interests and values, exploring careers, and identifying alternatives. (S/NC).

Counselor Education 404, Career Strategies for the Arts & Sciences, is a 3 credit class designed to help students in Arts, Social Sciences, and Humanities majors explore career options, write a resume, and apply for graduate schools or perform a successful job search.

Counselor Education 404, Career Strategies for the Arts & Sciences, is a 3 credit class designed for students in the hard sciences. Topics include career exploration, job seeking, graduate school, and transitioning to the world of work.

Center for Leadership and Service

This office assists in engaging and educating all students to lead and serve the global community. This is accomplished through a variety of programs and services open to any student interested in developing leadership skills and serving those in need. The office is located in room 305 and 315 University Center, 974-5455.

Disability Services

This office provides students with disabilities academic and personal support and also works with faculty to make academic modifications for students with disabilities. The office is located at 2227 Dunford Hall, 974-6087. You may email ods@utk.edu for more information.

Office of First Year Studies

The Office of First Year Studies is a resource dedicated to first year students and has developed a number of courses to facilitate a student's successful adjustment to college.

First Year Studies 100 is a S/NC course required for all first-year students. It is an online course that contains academic success and engagement activities to assist in the transition to college.

First Year Studies 101 is a 1 credit hour course which addresses integration into the academic community, including the nature and purpose of a college education, expectations for academic success, organization of university disciplines, and special emphasis on academic and career planning. (A,B,C/NC grading)

First Year Studies 129 is a one credit offering given on a credit/non credit basis. This course is designed to encourage the exchange of ideas between professors and students. Check utk.edu/~froschsem for course topics.

Programs Abroad Office

This office provides opportunities for Studying Abroad. The Center for International Education's Programs Abroad Office provides information and advice about study abroad options, including student exchanges with universities in 40 countries on six continents, scholarship opportunities and faculty led programs. The office is located at 1620 Melrose Avenue, 974-3177.

Student Success Center

This office provides UT students information and resources in the areas of tutoring and academic support, service and community, and student life. Also, the SSC coordinates First Year Studies 101, Undergraduate Academic Appeals and the UT LEAD program. The SSC also provides academic coaches to assist students in developing learning and life management strategies. The main office is Greve Hall, room 324, 974-6641. Check out studentsuccess.utk.edu for additional information.

Supplemental Instruction

The Student Success Center offers free, out of class, study sessions for traditionally difficult courses. Visit the following website for a current list of sessions offered (studentsuccess.utk.edu/support/supplemental).

Tutoring

Chemistry Help Sessions are open to students taking 100-level and organic chemistry courses. Please visit (www.chem.utk.edu/undergraduate.html) for locations and schedule.

Educational Advancement Program, 302 Greve Hall, 974-7900, allows students the opportunity to enroll in smaller sections of courses, such as Chemistry and Math, and provides information on tutors.

The **Math Tutorial Center** is open to students taking 100 level mathematics courses. The lab is located in G-12 Ayres Hall (east wing, ground floor) 974-4266 or 974-2461. There is also a satellite branch in Hodges Library in the commons open during limited hours.

Office of Multicultural Student Life, 1800 Melrose Avenue, 974-6861, provides tutoring for any UT student. Visit multicultural.utk.edu/as_tutoring.php for additional information.

The **Student Success Center** offers free tutoring for all enrolled students. Please visit studentsuccess.utk.edu/support/tutoring for the tutoring schedule.

Resources for Students Cont.

The Writing Center is available to students for additional help with writing skills. Inquire at the Writing Center, 212 Humanities Building, 974-2611. Students can also seek assistance in The Commons in Hodges Library and in Pendergrass Library during limited hours. Visit writingcenter.utk.edu for more information.

Students can also call the Grammar Hotline (974-2611) for brief queries about writing.

Academic Advising Terms

ACADEMIC HISTORY: An unofficial record of a student's attempted coursework from all institutions attended. Students can access this information through the myutk.utk.edu portal.

ACADEMIC PLAN: A planning worksheet used to outline remaining course requirements semester by semester. Varies by college.

ACADEMIC PROBATION ADVISING: Students are placed on academic probation when either their cumulative GPA falls below 2.00 or their semester GPA falls below 2.00 for two consecutive semesters, regardless of their cumulative GPA. While on Academic Probation, a student must participate in a special advising session in Arts & Sciences Advising Services. See the UT Undergraduate Catalog, or ask your advisor for further details.

ACADEMIC YEAR: Refers to the Fall, Spring and Summer semesters occurring in one calendar year.

ADD SLIP: The form used for adding a closed or restricted course when an authorizing signature is required. For example, to add a closed course, both the instructor's and the department head's signatures are needed. The form is found at <http://registrar.tennessee.edu/forms/index.shtml>.

CRN: Course registration number.

CATALOG: A student's "contract" with the University. This on-line publication contains all academic policies and procedures, college and degree requirements, faculty, and course descriptions. All students are responsible for knowing information provided in this publication. Catalogs are in effect for 6 years.

CATALOG YEAR: The year during which regulations of a specific education of the Undergraduate Catalog apply. Students may satisfy requirements for a Bachelor's degree using any catalog in effect during their attendance at the University provided the catalog has been in effect within six years of graduation. A new catalog year begins every fall term. Students beginning in a spring or summer semester are eligible to follow the fall catalog for that academic year.

CLOSED COURSE (C): A course that is filled to capacity and has no available spaces. Special permission from the instructor and department is needed to add a closed course. Add slips are available at registrar.tennessee.edu/forms/index.shtml. A wait list option is available for some courses.

CONCENTRATION: A specific focus within a major; for example, English majors may choose to concentrate in either literature or creative writing.

COREQUISITE: A course to be taken, or a requirement to be fulfilled, at the same time you are taking a particular course.

CREDIT HOURS: Refers to the number of credits or units earned by successfully completing a course. This is approximately equal to the number of hours the class meets per week; also referred to as semester hours.

COURSE LOAD: The average course load for any semester is 15 to 16 credit hours. Students registered for at least 12 hours are considered full-time. The maximum number of hours that may be attempted in one semester is 19 and for summer is 12. To request course overloads, permission from the College is required. (Requests can be filled out in 313 Ayres Hall or online at www.artsci.utk.edu/advising/adv_res/forms.asp.)

DEGREE AUDIT REPORTING SYSTEM (DARS): An automated record of a student's academic progress toward degree completion in a major. Students can access DARS web by signing into MyUTK at <https://myutk.utk.edu>.

DEGREE PLAN: An academic planning worksheet used to keep track of projected and completed course requirements. Varies by college.

DROP/ADD: The process of adding or removing a course or courses from a schedule. Most dropping and adding can be done using MyUTK. Drop/Add deadlines are found at <http://registrar.tennessee.edu>.

DROP POLICY: A student is allowed four drops during his/her academic career. Please read the undergraduate catalog for additional information regarding the University's drop policy.

ELECTIVE: A course that does not fulfill a specific requirement but that may be used toward the total number of credit hours needed for graduation.

GENERAL EDUCATION: Courses that allow a student to develop the basic skills, knowledge, attitudes, and judgements necessary for effective citizenship at all levels, local to the global, for fulfilling interactions with others and the environment, and for an enriched personal life. General Education requirements are common to all UTK degrees.

GPA: The result of dividing the total number of quality points earned by a student by the total number of graded credit hours of course work the student has attempted. GPA calculators can be found at <http://registrar.tennessee.edu/records/grades.shtml>.

GRADING SCALE: UT's grading scale is a 4-point scale consisting of letter grades A, A-, B+, B, B-, C+, C, C-, D+, D, D- and F, with an A worth 4 quality points and a F worth 0 quality points.

INCOMPLETE (I): An "I" is assigned under extraordinary circumstances and only at the discretion of the instructor when a student whose work is satisfactory has not completed some portion of a course. The grade "I" is not computed into the student's GPA. The terms for the removal of "I", including time limit, will be decided by the instructor. Students should **never** re-enroll in a course in which an "I" was awarded.

MAJOR: Concentrated study in a subject area of special interest.

MILESTONE: In order to stay on track for a major or exploratory area, students must complete minimum requirements for each tracking semester known as milestones.

MINOR: An optional secondary field of study requiring fewer credits than a major.

MYUTK: Web based registration system found at <https://myutk.utk.edu>.

Academic Advising Terms Continued

NET ID: The first part of a student's UTK email address received once attendance at UTK is confirmed. Your net ID is used each semester to register for courses, to log into your UTK email account, to sign onto Blackboard, and to log into your MyUTK account.

PREREQUISITE: A course to be completed or a level of skill or knowledge to be demonstrated before you may enroll in a particular course or degree program or associate with a particular college.

PROGRESSION REQUIREMENT: Courses and/or GPA requirements that must be met before a student may officially declare certain majors.

QUALITY POINTS: The number of quality points earned for each course completed is computed by multiplying the value of the grade received in the course (A = 4, B = 3, etc.) by the number of credit hours assigned to the course. Example: an A in Computer Science 102, a 4-credit-hour course, totals 16 quality points (4 x 4) for the work.

REQUIRED ADVISING: Before registering for classes, students are required to consult either their departmental advisor or an Arts and Sciences Advising Services advisor. For students who have earned less than 30 hours at UTK, advising appointments are scheduled once each term. After 30 earned hours, students in good standing who have declared their majors and are on track schedule appointments once each academic year during a designated term. Visit www.artsci.utk.edu/advising/policy.asp for more information.

SECTION NUMBER: A three-digit number that identifies the section of a particular course when multiple sections of the same course are offered.

SEQUENCE: Two or more courses that must be taken in sequence. These are indicated in this guide by a hyphen between course numbers.

STUDENT ID NUMBER: Unique nine-digit number generated for students upon admission to the University.

TIMETABLE: List of all courses offered during a semester, including section numbers, times, and meeting places. You can view the timetable at MyUTK or at https://bannersb.utk.edu/kbanpr/bwckschd.p_disp_dyn_sched.

TRANSCRIPT: An official record of attempted coursework from all institutions attended obtained in the records office.

UNIVERSITY/COLLEGE/DEPARTMENT: UTK is composed of 9 undergraduate colleges: Agricultural Sciences and Natural Resources; Architecture and Design; Arts and Sciences; Business Administration; Communication and Information; Education, Health and Human Sciences; Engineering; Nursing; and Social Work. Each college is divided into departments (for example, the Departments of English, Math, and Political Science in the College of Arts & Sciences).

UTRACK: An academic monitoring system designed to help students stay on track for a timely graduation.

WAIT LIST: Registration option on MyUTK for some courses. Allows students to automatically enroll in a closed course as seats become available.

WRITING EMPHASIS COURSE: Writing emphasis courses require a at least 2,000 written words, normally composed of one sustained essay or report of at least 1,000 words each, plus additional writing assignments, such as in-class essay exams, journals, and book reviews. These courses help students learn course materials by developing critical thinking skills, demonstrating the ability to sustain an argument, and strengthening existing writing skills.

WRITING INTENSIVE COURSE (WC): Courses designated “WC” are writing intensive and integrate writing as a vital component of the course. Writing intensive courses require a total of at least 5,000 words, with the writing taking many forms.
