

DEPARTMENT OF HISTORY

Add new courses:

HIAF 480 – Health and Healing in African History

3 Credit Hours

Explores the history of health and healing in Africa, examining not only how Africans have historically constructed concepts such as “health,” “disease,” “the body,” and “healing,” but also how others, namely colonizers, developers, and practitioners of biomedicine, have historically engaged with Africans in the construction of those same ideas. Interdisciplinary focus. Research component.

HIAS 380 – Traditional Chinese Medicine

3 Credit Hours

Introduces history, theory, and practices of Traditional Chinese medicine. Engages recent articles and early texts in translation with the goal of understanding its subject from a variety of perspectives and worldviews.

HIEU 425 – The City of Rome: Antiquity

History of the urban and material development of the city of Rome as a vantage on Roman social, political, economic, and cultural history.

HIEU 430 – Gender and Medicine in the Middle Ages

3 Credit Hours

Surveys medieval approaches to medicine, health, and the body with a focus on women’s medicine and female practitioners. Explores the European inheritance of Greek and Arabic medicine. Topics include herbal medicine, distinctions between magic, religion, and medicine, institutions of medical learning, public health and varieties of practitioners.

HIEU 432 – Medicine in the Third Reich

3 Credit Hours

Examines the cultural history of medicine in Germany from the late nineteenth century to 1945. Includes discussion of race, gender, and class in medicine, and ideas about health, illness, disability, and the body in a dictatorship that aimed to realize a program of biological and social engineering of unprecedented scope.

HIST 375 – Death: A Global History

Course traces the ways human beings have thought about death and interacted with the dead over roughly five centuries, from 1500 to the present, around the globe. Themes include war death and memorialization, mortuary practices, and ghost cultures.

HIST 475 – Infectious Disease: A Global History

3 Credit Hours

Course explores the social, political, biological, and environmental history of infectious diseases across the globe. Focuses on the histories of a select number of paradigmatic diseases (HIV-AIDS, syphilis, small

pox, malaria) from a variety of geographical, chronological and methodological perspectives. Interdisciplinary approach. Research component.

HIUS 361 – Free Speech Fights: The First Amendment in American History

3 Credit Hours

Explores the origin and crucial turning points in the evolution of freedom of speech and freedom of the press in the United States.

Drop primary cross listed course:

HIUS 440 – War and Truth in America

3 Credit Hours

(Same as American Studies 440)

Revise title and description:

HIAF 371 – African History to 1880

3 Credit Hours

Survey of Sub-Saharan Africa from earliest times to colonialism's onset. Uses variety of case studies and perspectives to highlight larger historical processes across the continent. Interdisciplinary focus. (Same as Africana Studies 371.)

Formerly:

HIAF 371 – Africa to 1400

3 Credit Hours

Survey of Sub-Saharan Africa through 1400 CE. Culture, states, religion. Content varies. Writing-emphasis course. (Same as Africana Studies 371.)
